COMMUNITY AGREEMENTS

Please consider these guidelines as a reminder of how we work together now and in the future.

ASSUME BEST INTENTIONS, BUT ACKNOWLEDGE IMPACT.

We are all here to learn and individuals are using the best terminology they know, based on where they're at.

USE "I" STATEMENTS.

Use "I feel" or "I think" and speak to your personal experience instead of generalizing or assuming that everyone thinks the way you do.

MISTAKES ARE AWESOME, WHEN YOU LEARN FROM THEM.

Mistakes show us what we need to learn. Take this event as a learning experience and challenge yourself to learn things you may have never known before.

VOCABULARY BREAKS.

Trainings serve as a personal and professional learning experience, and we want to make sure that everyone has the same understanding of terms and acronyms. If you think we should break down a word, a phrase, or acronym, ask the presenter for clarification. We are all here to learn and individuals are using the best terminology they know, based on the diversity spectrum they are at.

SHARE THE AIR.

Practice equity by sharing the space. If you usually answer questions or speak, allow others who have not spoken to participate.

GROUP CONFIDENTIALITY.

Others may share personal stories during this workshop. Please remember that their stories are not yours to share outside of this group without their permission. Thank you for joining us in creating a safe and rich learning environment.
